Phoenix, Arizona 85007

Date

Reference:

In reporting the status under A.R.S. 27-1277 (B)(3), the following items should be included on a form acceptable to the State Mine Inspector.

**1. Status of the aggregate pit:** Is the mining site active or has mining activity ceased, is the mining in maintenance status etc.; (example table below):

**According to A.R.S. §27-441,** "Aggregate mining" means clearing, covering or moving land using mechanized earth-moving equipment on privately owned property for aggregate development and production purposes, including ancillary aggregate finished product activities. Aggregate mining includes an operation that mixes or recycles rock, sand, gravel or similar aggregate materials with water and cement or with asphalt. Aggregate mining does not include surveying, seismic work, exploration or maintenance activities that create a de minimis land disturbance."
